

COMMUNITY LIAISON OFFICERS (CLO)

The Suffolk County Police Department will maintain robust community relationships and engage the community to allow collaborative problem-solving, ethical and bias-free policing and community confidence in the Department.

Community Liaison Officers (CLO's) have been assigned to each of the seven precincts within the Police District. The respective Community Liaison Officer will arrange, meet and collaborate with community groups, civic groups, Houses of Worship etc. on a regular basis and address community concerns. The goal of the Community Liaison Officer is to strengthen the relationships between the Police and community with focused attention given to minority groups and Limited English Proficient (LEP) individuals.
